#D8-AI (M1396)

Clay
82oz or 10.25 cups
6"H, 10"Dia.
Handwash Only.
\$129.00 each

Closeup

Before using it for the first time:

Step 1 - Brush out the inside to release any loose clay particles. To prepare for cooking for the first time, immerse it in a clean bucket of water for at least 2 hours. You may leave it overnight in a sink completely covered with water. Remove the pot from the water and allow it to dry thoroughly. The water retained in the clay provides the moisture necessary for cooking.

Step 2 - Season your pot in these 3 simple steps

1. Fill the pot 1/4 way up with water.
2. Add 2 tbsp of any flour (arrowroot, wheat, whole wheat, rice, all-purpose).
3. Stir, cover and cook on low to medium heat until it thickens to a broth (about 30-35 minutes).
4. Let the mixture cool down, pour out, scrub, and rinse the pot thoroughly.
